NCSL Reports and Publications

The Health Innovations Database — NCSL’s one-of-a-kind database covers what state legislatures are enacting that changes Medicaid, private and commercial health insurance, access, health exchanges and other state action on health reforms. NCSL identifies more than 1,400 recently enacted laws and resolutions from 2015-18 in all 50 states, D.C. and Puerto Rico. There are at least 250 2018 laws, with new measures added as they are signed. www.ncsl.org/default.aspx?tabid=28925
