#BeReady16: working together for our military and overseas voters
Federal Voting Assistance Program

National Conference of State Legislatures (NCSL)
08 August 2016
The Uniformed and Overseas Citizens Absentee Voting Act of 1986, or UOCAVA, allows certain U.S. citizens to apply to register and vote absentee in elections for Federal office.

Citizens covered under UOCAVA include:

1. Members of the Uniformed Services or Merchant Marine who are absent from their voting jurisdiction due to their service.
2. Dependents of members of the Uniformed Services or Merchant Marine who are absent from their voting jurisdiction with the member.

Note: Uniformed Service members and their eligible family members residing in their voting jurisdictions are not covered under UOCAVA.
Help America Vote Act (HAVA), 2002
• Required states to notify voters the reasons for rejecting a registration application or absentee ballot request

Military and Overseas Empowerment (MOVE) Act, 2009
• Requires states to make voter registration and absentee ballot applications available electronically
• Requires ballots to be sent 45 days prior to an election
• Ballot applications good for one election cycle
FVAP’s renewed focus

- The electronic voting demonstration project was repealed.
- FVAP returned to its focus on providing customer service for UOCAVA voters, Voting Assistance Officers and Elections Officials.
- Shift from presenting data to analyzing data
tell a story with data
- While we see progress, we see challenges as well in serving the unique characteristics of the UOCAVA population.

Special Procedures: APO/FPO/DPO Absentee Ballots

September 1, 2016 – November 30, 2016

The United States Postal Service® and the Military Postal Service have again joined forces to expedite delivery of absentee ballots to overseas military personnel. We recognize the important role mail plays in the election process and are committed to ensuring that everyone who votes by mail experiences a smooth, well-organized process — one that provides them with the highest level of trust and confidence. The following Special Procedures for APO/FPO/DPO Absentee Ballots are provided for Election Officials and Postal employees.

Here is a summary of the program:

- Election officials should mail absentee ballots at least 45 days prior to the November 8, 2016, General Election. All military absentee ballots mailed by election officials from September 1 through November 8, 2016, will be subject to special handling procedures.
- Local election offices are requested to segregate military absentee ballots to the Chicago International Military Service Center (ISC) gateway and the Miami International Service Center.
- Trays or containers of absentee ballot mail may be identified using Tag 191, Domestic and International Ballots, and presented to the Post OfficeTM.
- Contact your local Post Office for more information on special procedures for election offices.
- APO/FPO/DPO absentee ballots will be sent from local Post Office locations to the nearest Processing & Distribution Center for further processing.
- At the International Service Centers, absentee ballots receive special handling.

**ELECTION OFFICIALS:** Separate military absentee ballots by preparing bundles for the two ISC military gateways: Chicago and Miami.
