DOE Office of Indian Energy 2017

Structures and Oversight—What Makes A Tribal Enterprise Successful
WHY DCI?

Our Program reduces lender risk. That improves loan opportunities and terms for Indian business borrowers.
HOW WE DO IT

We offer up to a 90% U.S. backed guarantee (or insurance) for Indian economic development project loans.
WE’RE FLEXIBLE

We help for profits and not-for-profits. We support large and small loans. We help with startups, construction, refinancing, lines of credit, and more.
Small

Tribal

Large
NTUA secured a controlling interest in a business critical to the needs of the Tribe
Rosebud Economic Development Corporation
“REDCO’s purpose is to generate revenue for the Tribe and improve the economic and social welfare of the Tribe through job creation and community development.”
